

Respect, diversity, and inclusiveness policy

1. Statement

WMIAA is its people and community, and we will therefore maintain a culture that is diverse, inclusive and respects and celebrates all our differences.

WMIAA will treat all with respect, regardless of their ability, race, ethnic origin, age, gender, gender identification, sexual orientation, religion, disability, economic circumstances, physical appearance, body size or marital status.

WMIAA will always provide a safe, flexible, and respectful environment for its members and for those who interact with it, free from all forms of discrimination, bullying and harassment.

All members of the association are required to treat others with dignity, courtesy and respect and avoid all forms of behaviour that place others at risk of harm or makes them feel, in any way, uncomfortable or harassed.
